Heatsafe Heating Ltd was established in 2011 by Directors Dougie and Graeme. After training together as apprentices and then both going on to gain valuable training and experience working for one of the largest heating companies in the UK. Both Dougie and Graeme decided to start up their own heating company Heatsafe Heating Ltd which covers Scotlands central belt. Our dream is to bring unrivalled customer service and value for money to all of our customers. We aren't like your average heating company, we do things the Heatsafe way. This has helped us build our business over the years through our high standard of work referrals and word of mouth. Website:
